

2nd KALRO Scientific Conference and Innovation Expo

CONFERENCE PROGRAM

Theme:

***"Innovations for Sustainable Agri-food Systems,
Climate Change Resilience and Improved Livelihoods"***

15 – 19 June 2026
KALRO Headquarters, Nairobi, Kenya

conference.kalro.org

DAY 1 · MONDAY · 15 June 2026

PLENARY · Keynote & Opening Ceremony

Chair: Dr. Alice Murage · Rapporteur: Ms. Tabby Karanja-Lumumba · Venue: Main Conference Hall		
Time	Activity	Facilitator
7:30 – 8:30 AM	Registration	All
8:30 – 9:15 AM	Introduction of participants and setting the scene / Entertainment	
9:15 – 10:00 AM	Keynote Speech	DDGL
10:00 – 10:30 AM	HEALTH BREAK	
10:30 AM – 12:00 PM	Opening Ceremony	DG
12:00 – 1:00 PM	Photo Session · Tour of Exhibition · Tree Planting · Signing of Visitors Book · Media Briefs	
1:00 – 2:00 PM	LUNCH BREAK	

PARALLEL SESSIONS — 2:00 PM – 5:00 PM

SESSION 1 · Conference Hall · 2:00 – 5:00 PM			SESSION 2 · Main Board Room · 2:00 – 5:04 PM		
Agribusiness, Financing, Policy, Adoption and Socio-Economic Dimensions			Crop Varieties, Increased Productivity and Production Management		
Chair: Dr. Charles Bett · Rapporteurs: Tabby Karanja & Judith Mutheu Mboya			Chair: Dr. Samson Kamunya · Rapporteurs: Harun Odhiambo & Sheila Siele		
Time	Code	Title / Author	Time	Code	Title / Author
2:00–2:15	SUB17_001	Factors influencing the Adoption of Green Grams in Machakos County Rosemary Akhungu Emongor	2:00–2:15	SUB1_002	Seasonal Variation in the Biochemical Composition of Second-Generation Tea Cultivars at KALRO–TRI Simon Mwangi Kingori
2:15–2:30	SUB17_002	Measuring Women's Agricultural Empowerment Using A-WEAI: Evidence from Smallholder Farmers Berit Auma	2:15–2:30	SUB1_006	Integrating Disease Resistance and Agronomic Performance for Parental Selection in Bread Wheat Godwin Macharia
2:30–2:45	SUB17_004	Livestock Production and Methane Emissions in Kenya: ARDL Evidence of Long- and Short-Run Dynamics Manyeki John Kibara	2:30–2:45	SUB1_016	Evaluation of Locally Bred Improved Sugarcane Varieties for Enhanced Productivity in Western Kenya Edwin Shikanda
2:45–3:00	SUB17_006	Analysis of Risk and Returns of Tea Cultivar Portfolios Across Different Agro-Ecological Zones Paul Ayiemba Odongo	2:45–3:00	SUB1_038	Genetic Variability, Heritability and Genetic Advance in Eight Safflower (Carthamus Tinctorius L.) Genotypes Peter Njuguna
3:00–3:15	SUB17_007	Performance Evaluation of Climate Smart Agricultural Programs in Kenya (AgriFI 2019–2024) Peter K. Nduati	3:00–3:15	SUB1_036	Effects of variety and potassium fertilization on yield of Watermelon under irrigated conditions Jimmy Kiprop Yegon
3:15–3:30	SUB17_008	Evaluation of TMR finishing of Improved Boran steers in a Kenyan feedlot: performance and profitability Veronica Chemutai Metto	3:15–3:30	SUB1_018	Assessment of the post-harvest attributes of leafy amaranth landraces under ambient storage conditions Christine Wangechi Ndiritu
3:30–3:45	SUB17_009	Machine Learning Insights into Crop Yield Determinants in Kenyan Agriculture Joan Achieng Abwao	3:30–3:45	SUB1_021	Comparative Performance of Early Brown Finger Millet (Eleusine Coracana) Genotypes in Lanet, Nakuru Rhoda Alima Omariba
3:45–4:00	SUB17_012	Agro-Dealer Profiles and Operational Practices in Kirinyaga, Kajiado, and Nairobi Counties John Ndungu	3:45–4:00	SUB1_039	Validation of yield-related and blast resistance genes for improvement of Kenyan Basmati rice Emily Gichuhi
4:00–4:15	SUB17_013	Contribution of Mango Production to the Livelihood Outcomes of Households in South Kerio Basin Gitonga KJ	4:00–4:08	SUB1_023	Comparative Evaluation of Pruning Systems on Vegetative Growth and Fruit Yield of Tomato [P] Isaiah Kiprop Keter

4:15–4:30	SUB17_014	Economic potential of Alpine Goat Milk Production in Kenya: a review Mwangi Wilson Maina	4:08–4:16	SUB1_031	Genetic characterization of Coffea canephora germplasm conservation in Kenya [P] James Gimase
4:30–4:45	SUB17_015	Participatory Varietal Selection of Drought-Resilient Sorghum in Kenya's ASALs: Makueni and Kitui Counties Winnie Rapada Agola	4:16–4:24	SUB1_019	Evaluation of Sorghum Newly Released Varieties in Makueni County using Tricot Approach [P] Benard Masila Mbuvi
4:45–5:00	SUB17_026	Profitability of Differentiated Fertilizer Options in Maize Production in Kenya Josephat Chengole Mulindo	4:24–4:32	SUB1_015	Confronting the Breeding Challenges for Next-Generation Pyrethrum Seedling Varieties in Kenya [P] Wilfred Abincha Magangi
			4:32–4:40	SUB1_037	Comparative Efficiency of Split-Plot vs. RCBD for Factorial Sorghum Yield Experiments in Siakago [P] Elias Gitonga Thurania
			4:40–4:48	SUB1_041	Evaluation of advanced wheat (Triticum aestivum) lines for yield and rust resistance [P] Martin Lagat
			4:48–4:56	SUB1_042	Effect of defoliation levels on potato yield, tuber quality and economic returns in Ol Joro Orok [P] Godfrey Juma
			4:56–5:04	SUB1_048	Evaluation of Seedball Technology in Propagation of Cashew [P] Francis Muniu

SESSION 3 · Big Seminar Room · 2:00 – 5:15 PM**Animal Health, Sanitary Systems and Emerging Livestock Pests and Diseases**Chair: **Dr. Monicah Maichomo** · Rapporteurs: Peterson Mwangi & Esther Kimani

Time	Code	Title / Author
2:00–2:15	SUB11_002	Rebreedx Luke Kipyego
2:15–2:30	SUB11_003	Integrated Investigation of Haemoparasitic Infections with Emphasis on African Animal Trypanosomiasis of Boran crosses Chege Patricia Waithira
2:30–2:45	SUB11_004	Evaluation of the immunogenicity and safety of an inactivated mucosal Capripoxvirus vaccine candidate against sheep and goat pox Kenneth Koome
2:45–3:00	SUB11_005	Mechanical Amplifiers of Hemopathogen Transmission: Diversity, Abundance, and Vectorial Competence of Stomoxys spp. in Western Kenya Stephen Burudi Shirengo
3:00–3:15	SUB11_009	Integrated Serological and Entomological Assessment of Nairobi Sheep Disease Virus in Kenya Paul Muriuki
3:15–3:30	SUB11_010	Hiding in plain sight: Uncovering overlooked bacteria in intensive pig farming systems using MALDI-TOF MS Nathan Langat
3:30–3:45	SUB11_011	Shotgun Metagenomics reveals Deep insight into Diversity and Age-based Dynamics in Gut of Pastured Goats Eunice Ndegwa
3:45–4:00	SUB11_012	Integrating Medicinal Maggot Therapy into Climate-Resilient Health Systems in Africa: A Policy Review Paul Muriuki

SESSION 4 · Room 207 · 2:00 – 5:01 PM**Technology Transfer, Knowledge Co-Creation, Scaling Pathways & ICT-Enabled Precision Systems**Chair: **Dr. Everlyne Kirwa** · Rapporteurs: Nicholas Kibunyi & Tuila Esese

Time	Code	Title / Author
2:00–2:15	SUB16_002	Training lead farmers as agents for dissemination of TIMPs: Evidence from Kajiado County Paul Katiku
2:15–2:30	SUB16_004	Digital Market Information Systems and Availability of Nutritious Food: A Systems-based Analysis of KAMIS Hannington Odido Ochieng
2:30–2:45	SUB16_005	Catalysing Sustainable Livelihoods: A Multi-Stakeholder Model for Agricultural Technology Transfer and Commercialisation in Kenya Peter Nduati
2:45–3:00	SUB16_007	Use of precision digital technologies in veterinary health and research: The KILIMMA digital platform Rosemary Ngotho-Esilaba
3:00–3:15	SUB16_010	GRIN-Global Community Edition: Advancing ICT-Enabled Plant Genetic Resources Conservation at KALRO's Genetic Resources Research Institute Joseph Ndungu Kimani
3:15–3:30	SUB16_011	Exploring a market-led extension model for enhancing adoption of good agricultural practices: Lari Sub-County Christine Wangeci Ndiritu
3:30–3:45	SUB16_021	From Tech to Tacit: A Community Engagement Framework for Co-Creating Digital Knowledge for Climate-Resilient Agriculture Emma Nyaola
3:45–4:00	SUB16_023	Music, Drama, And Poetry As Innovative Platforms for Agricultural Knowledge Dissemination at KALRO Peterson Mwangi

4:00–4:15	SUB11_014	Antimicrobial Activity of Polyphenolic Extracts from Kenya Specialty Teas Against Pathogenic Bacteria and Fungi Emily Kipsura	4:00–4:15	SUB16_026	Digitally Enabled Agripreneurship for Agricultural Service Delivery: Lessons from Kenya's Food Systems Resilience Programme Irene Wambui Kimani
4:15–4:30	SUB11_015	Tackling Antibiotic Overuse through Community-Led Behavioural Interventions among Smallholder Livestock Farmers, Kisumu West Janet Akinyi Otieno	4:15–4:30	SUB16_030	Application of Triadic Comparisons of Technologies (TRICOT) in Finger Millet Technologies Dissemination in Western Kenya David Otieno Odhiambo
4:30–4:45	SUB11_016	Reimagining Chronic Wound Management: One Health Paradigm Shifts including Maggot Debridement Therapy — A Review Patrick Gachie Wanjiku	4:30–4:45	SUB16_031	Enhancing Youth Engagement in Agriculture: A Training and Innovation Model for Food Security in Kenya Kenneth Monjero Igadwa
4:45–5:00	SUB11_018	Current Status and Progress of East Coast Fever Vaccination in Africa (2023–2026): Muguga Cocktail and Theileria parva Marikebuni Vaccines Pius Tarus	4:45–4:53	SUB16_009	Artificial Intelligence-Enhanced Farmer Feedback Systems: Predictive Analytics for Technology Adoption [P] Chepkania Miriam Nangila
5:00–5:15	SUB11_025	Novel Tsetse Fly Repellent for Control of Savannah Tsetse Fly in East Africa Paul O Mireji	4:53–5:01	SUB16_046	Assessment of Farmers' Desired Attributes in Adoption of Soil and Water Technologies [P] Seth Chasimba Amboga

DAY 2 · TUESDAY · 16 June 2026

PLENARY · Plenary Keynote Presentation

Chair: **Dr. Benjamin Kivuva** · Rapporteur: Henry Wanyama · Venue: **Main Conference Hall**

Time	Activity	Facilitator
7:30 – 8:30 AM	Registration	
8:30 – 9:30 AM	Chief Guest Address & Panel Discussion	Moderator: Dr. David Golicha
9:30 – 10:00 AM	Keynote Presentation	
10:00 – 10:30 AM	Launching of Tsetse repellent and attractants by Chief Guest	
10:30 – 11:00 AM	HEALTH BREAK	
11:00 AM	Session Breakouts	

PARALLEL SESSIONS — 11:00 AM – 1:00 PM

SESSION 1 · Conference Hall · 11:00 AM – 1:00 PM			SESSION 2 · Main Board Room · 11:00 AM – 1:00 PM		
Agribusiness, Financing, Policy, Adoption and Socio-Economic Dimensions			Plant Nutrition, Soil Health and Conservation Agriculture		
Chair: Dr. Martins Odendo · Rapporteurs: Nancy M Nganga & Judith Mutheu Mboya			Chair: Dr. Golicha Dub · Rapporteurs: Priscila Kanza Mwangangi & Robert Tabu		
Time	Code	Title / Author	Time	Code	Title / Author
11:00–11:15	SUB17_027	Market Pathways for Bio-fortified Bean Seeds: Evidence from Agro-Dealers Survey in Kenya Eliud Kipkosgei Rotich	11:00–11:15	SUB4_001	Linking Specific Nutrient Elements and Lime to Irish Potatoes (<i>Solanum tuberosum</i>) Yield Parameters in Acidic Soils of Uasin Gishu Mary Koech
11:15–11:30	SUB17_028	Seasonal Demand Dynamics and Revenue Structure of Public Agricultural Research Products: KALRO-Njoro Ruth Chepngeno	11:15–11:30	SUB4_004	Effect of pH and Organic Amendments on Phosphorus Sorption in Acidic Soils of Kiambu County Priscila Mwangangi
11:30–11:45	SUB17_092	Gender, Scale, and Seasonality in Smallholder Tree Crop Input Markets: Insights from Coastal Kenya Christine Kasichana	11:30–11:45	SUB4_005	Maize Yield Variability in Kabete Long-Term Soil Fertility Experiment: A Comparison of 2015, 2020 and 2025 Long Rains Seasons Joyce Addah Omwakwe
11:45–12:00	SUB17_091	Unlocking the Potential of Indigofera spp. in Kenya: Natural Dye Production, Climate-Smart Agriculture, and Livelihoods Christine Kasichana	11:45–12:00	SUB4_007	Identifying Soil Fertility Constraints to Maize Production in Kenya Using Nutrient Omission Trials Joyce Addah Omwakwe
12:00–12:15	SUB17_090	Towards Disability-Inclusive Agricultural Innovation Systems in Kenya: Integrating Farmers with Disabilities Peterson Mwangi	12:00–12:15	SUB4_008	Assessment of Blended and Conventional Formulations for Enhanced Maize Production in Western Kenya Kelele Faida John
12:15–12:30	SUB17_030	Gender and Social Inclusion in Adoption of Climate-Smart Irish Potato Production in Nyeri County Stella J. Matere	12:15–12:30	SUB4_011	Application of blended fertilizers for improved maize production in semi-arid eastern Kenya Emerita Njiru
12:30–12:45	SUB17_031	Evaluating the Financial and Economic Feasibility of Maize Productivity Project in Kenya Stella Makokha	12:30–12:45	SUB4_013	Maize growth and yield response to separate fertilizer application in Uasin Gishu and Trans Nzoia counties Mary Koech
12:45–1:00	SUB17_034	Unlocking The Potential and Optimizing Available Land Resources For Market Oriented Production in Kenya Mercy Kaimenyi Bett	12:45–1:00	SUB4_014	Influence of CBX Bio-stimulant and Soil Conditioner on Coffee Growth and Yield Danstan Odeny
SESSION 3 · Big Seminar Room · 11:00 AM – 1:00 PM			SESSION 4 · Room 207 · 11:00 AM – 12:49 PM		
Food Safety, Value Addition and Cottage Industries			Plant Health, Emerging Crop Pests and Diseases, Biosecurity and Phytosanitary Systems		
Chair: Dr. Samson Kamunya · Rapporteurs: Tabby Karanja & Judith Mutheu Mboya			Chair: Dr. Harun Muriithi, IITA · Rapporteurs: Hillary Rotich & Miriam Mbiyu		

Time	Code	Title / Author	Time	Code	Title / Author
11:00–11:15	SUB14_015	Pesticide Residues in Catha Edulis (Muguka): A Multidimensional Threat to Health, Livelihoods, and Environmental Sustainability Richard Mwaniki Njue	11:00–11:15	SUB3_010	Bridging the last mile: a farmer-trainer mediated remote diagnosis and documentation model for smallholder crop health Rong (Coco) Feng
11:15–11:30	SUB14_016	Occurrence and Distribution of Soil-Borne Mycotoxigenic Fungi in Maize Farms of Makueni County Nicholas Odhiambo Owiro	11:15–11:30	SUB3_011	Knowledge Gaps in Mango Pathology in Kenya: A Review with Focus on The South-Eastern Production Zone Barbra Nyakowa Khainga
11:30–11:45	SUB14_019	Food Safety Assessment of Fungal and Aflatoxin Contamination in Black CTC Teas from Selected KTDA Tea Factories Mercy Cherotich	11:30–11:45	SUB3_012	Surveillance of Wheat Diseases and Characterization of Stem Rust Isolates in Kenya Zennah Kosgey
11:45–12:00	SUB14_021	Integrating soil management practices and screening maize varieties to reduce aflatoxin contamination in Makueni Fatuma Sharamo Fora	11:45–11:53	SUB3_017	Documentation Of Cashew Pests and Diseases and their Economic Importance in Kenya [P] Naomi Mburu
12:00–12:15	SUB14_022	Optimisation of harvesting and post-harvest handling of cashew apple in coastal Kenya Francis Muniu	11:53–12:01	SUB3_018	Emerging Insect Pests Threatening Indigenous Vegetables in Kenya [P] Denis Mwiti Prichard
12:15–12:30	SUB14_023	Consumption of Sweetpotato Leaves Improve Iron Status Among Women of Reproductive Age in Bomet County Rosemary Jepkosgei Cheboswony	12:01–12:09	SUB3_013	Incidences of Phytophthora cinnamomi, the causal agent of Avocado Root Rot, in soils at KALRO Kabete 2023–2025 [P] Mercyline Orayo
12:30–12:45	SUB14_005	Total Monomeric Anthocyanin (TMA) in Purple Tea Infusions: Influence of Water Source Composition Simon Oduor Ochanda	12:09–12:17	SUB3_014	Evaluation of YUKON 720 SC (Sulphur + Copper) for Control of Late Blight and Early Blight of Potato [P] Charity Nzilani
12:45–1:00	SUB14_007	Determination of Tomato Post-Harvest Losses and Packaging Effects on Fruit Quality in Rombo, Kajiado County Robert Tabu	12:17–12:25	SUB3_016	Use of Botanical Plant Extracts in the Control of Potato Tuber Moth (Phthorimaea Operculella) [P] Robert Kiprotich Lagat
			12:25–12:33	SUB3_019	Characterisation of audible sound behaviour of rodents with and without food under laboratory conditions [P] Paddy Likhayo
			12:33–12:41	SUB3_020	Residual efficacy of Actellic Gold dust against Prostephanus truncatus, Sitophilus zeamidis and Tribolium castaneum in stored grain [P] Paddy Likhayo
			12:41–12:49	SUB3_035	Virulence of Fusarium oxysporum f.sp. cubense strains isolated from infected Bananas in Tharaka Nithi County [P] Samuel Musime Malaka

LUNCH BREAK · 1:00 – 2:00 PM

PARALLEL SESSIONS — 2:00 PM – 5:00 PM

SESSION 1 · Conference Hall · 2:00 – 5:00 PM			SESSION 2 · Main Board Room · 2:00 – 5:15 PM		
Agribusiness, Financing, Policy, Adoption and Socio-Economic Dimensions			Crop Varieties (2:00–3:45) → Agrobiodiversity and Genetic Resources (4:00–5:15)		
Chair: Dr. Stella Makokha · Rapporteurs: Nancy M Nganga & Peterson Mwangi			Chair: Dr. Samson Kamunya / Dr. Harrison Lutta · Rapporteurs: Sheila Siele & Robert Tabu		
Time	Code	Title / Author	Time	Code	Title / Author
2:00–2:15	SUB17_035	Rethinking Agricultural Research: From Traditional Experimental Designs to Context-Sensitive Approaches Hannington Odido Ochieng	2:00–2:15	SUB1_044	Contribution of Underutilized Crops to Diversity and Resilience in Modern Cropping Systems in Kenya Judy Chepkoech Mutai
2:15–2:30	SUB17_037	Why are Farmers and Agricultural SMEs Credit Constrained in Africa? A Systematic Review of Literature Joel Agutu Omollo	2:15–2:30	SUB1_046	Delayed Research Undermining the Production and Productivity of Pyrethrum Revival in Kenya Irene
2:30–2:45	SUB17_038	Impact of Integrated Poultry and Nutrition Education Interventions on Dietary Diversity among Women in Bomet and Kakamega Mercy Chelangat Soi	2:30–2:45	SUB1_047	Evaluation of Cashew Clones for Rootstock Suitability Francis Muniu

2:45–3:00	SUB17_039	Does Attitude towards Domestic Gender Based Violence on Smallholder farms affect Crop Productivity? Evidence from Central Kenya Martins Odendo	2:45–3:00	SUB1_049	Evaluation of Promising Rice Lines for Ratooning Ability to Improve Productivity in Kenya John Kalume
3:00–3:15	SUB17_040	Effect of Climate Change on Gender Segregated Households in Kenya Bernard Rono	3:00–3:15	SUB1_051	Tea quality assessment in multiple environments based on AMMI and GGE biplot analyses Robert Kiplangat Korir
3:15–3:30	SUB17_041	Evaluation of Cassava Farming as a Climate Smart Technology in Murang'a County, Kenya Antony Ngaruiya	3:15–3:30	SUB1_056	Effect of Harvesting Frequency On Cowpea Leaf Quality and Nutrition: Trans Nzoia County Anastacia Masinde
3:30–3:45	SUB17_042	From Subsistence to Sustainable Livelihoods: Climate Resilient and Commercialized Smallholder Rice Systems in Kilifi County Kadenge Lewa	3:30–3:45	SUB1_061	Evaluation of Elite Finger Millet Genotypes Across Locations in Western Kenya Chrispus O.A. Oduori
3:45–4:00	SUB17_044	Gender Mainstreaming in Poultry Production and Marketing in Nyandarua County Jessica Ndubi	3:45–4:00	SUB1_064	Retrospective analysis for parental line selection for rice breeding in Kenya Roselyne Juma
4:00–4:15	SUB17_045	Gender Dynamics in The Adoption and Replacement of Improved Wheat Varieties in Kenya Anne Gichangi	4:00–4:15	SUB8_003	Role of Digital Sequence Information in Climate-Resilient Utilization of Crop Genetic Resources Dancun Muchira
4:15–4:30	SUB17_016	Economic evaluation of Friesian and their crosses fed on locally formulated Total Mixed Ration at Lanet Andrew Kiplagat Kosgei	4:15–4:30	SUB8_006	Characterization of second-generation purple tea cultivars (Camellia sinensis) in Kenya Lilian Kerio
4:30–4:45	SUB17_017	Economic Evaluation of Locally Formulated Total Mixed Ration (TMR) on Red Maasai Sheep Scolastica Nanjala Nambafu	4:30–4:45	SUB8_007	Molecular Characterization of Forage Legume (Neonotonia Wightii) in Arid and Semi-Arid Lands David Musyimi
4:45–5:00	SUB17_018	Local Value Chain Analysis and Mapping for Improved Productivity: A Study of Baringo County Paul Kiprono	4:45–5:00	SUB8_008	Enhancing farmers' access to sorghum diversity in western Kenya using national germplasm collection Peterson Wambugu
			5:00–5:15	SUB8_012	Genetic Architecture and Inheritance of Major Agronomic and Yield-Related Traits in Snap Beans Lucas Suva

SESSION 3 · Big Seminar Room · 2:00 – 5:32 PM**Biotechnological Solutions to Crop, Livestock and Natural Resource Management Challenges**Chair: **Dr. Henry Kariithi** · Rapporteurs: Esther Kimani & Harun Odhiambo

Time	Code	Title / Author
2:00–2:15	SUB13_001	Improving Propagation Efficiency for Sustainable Pineapple Farming in Kenya Lilian Mwende Mwaniki
2:15–2:30	SUB13_003	In-Vitro shoot Multiplication of three Plantain Banana Varieties in Kenya Davis Wekesa Makhanu
2:30–2:45	SUB13_005	Feasibility of GMO maize adoption among smallholder farmers in Kenya: policy, institutional and farm level insights Miriam Saur
2:45–3:00	SUB13_007	Towards Sustainable Postharvest Systems: The Role of Natural Preservatives Fatuma Adam Mohammed
3:00–3:15	SUB13_008	Biotechnological Utilisation of Silk Proteins in Cosmetic Soap Fabrication for Sustainable Livelihood Nicholus Mutuma
3:15–3:30	SUB13_011	Effects of Different Concentrations of BAP, BAP+NAA and BAP+TDZ on In Vitro Multiplication of Plantain Rose Nduku Mayoli

SESSION 4 · Room 207 · 2:00 – 5:46 PM**Apiculture, Beneficial Insects and Ecosystem Services (2:00–4:08) → Climate Change and Land Degradation (4:08–5:46)**Chair: **Dr. Charles Bett / Dr. David Kamau** · Rapporteurs: Peterson Mwangi & Gladys Chelangat

Time	Code	Title / Author
2:00–2:15	SUB12_004	Emerging Honey Bee Health Challenges in a Changing Climate Daniel Toroitich
2:15–2:30	SUB12_005	Outlook on Bee Occupancy of Beekeepers Apiaries in Baringo County Caroline Waiyego Kimani
2:30–2:45	SUB12_006	The effects of hive materials on phytochemical and biological properties of honeybee propolis Timothy Kegode Mugodo
2:45–3:00	SUB12_009	Performance of Chemically Treated Hive Entrance Devices (Oxalic Acid, Amitraz) for Integrated Control of Varroa destructor Rotich Godfrey
3:00–3:15	SUB12_010	Outlook on Bee Occupancy of Beekeepers Apiaries in Baringo County Caroline Waiyego Kimani
3:15–3:30	SUB12_012	Understanding Bee Absconding: Environmental, Management, and Technological Drivers Daniel Toroitich

3:30–3:45	SUB13_013	Evaluation of Three Biotech Potato for Late Blight Resistance Miriam Mbiyu	3:30–3:45	SUB12_015	Apis mellifera Honey Varieties in Kenya: Legislation, Production, Processing, and Labeling Dr. Victoria Atieno Kimindu
3:45–4:00	SUB13_022	Evaluation of promoters for storage root specific expression in cassava Irene Wangari Njagi	3:45–4:00	SUB12_016	Evaluating the Profit Potential of Honey bees: Income over Feed Cost Analysis of Chickpea, Propolis Pod Flour, and Soybean-Based Diets Haron Juma Masai
4:00–4:15	SUB13_019	From Agricultural Biotechnology to Human Health: Maggot Debridement Therapy for Chronic Wound Healing Kelvin Malimo	4:00–4:08	SUB12_003	Characterisation of Apis mellifera scutellata: Morphological, Genetic, Behavioural and Ecological Perspectives [P] Daniel Toroitich
4:15–4:30	SUB13_024	Isolation and Characterization of Bacteriophages Targeting Methicillin-Resistant Staphylococcus aureus (MRSA) Lyluck Christabel Otuoma	4:08–4:23	SUB7_015	Pastoral and Agropastoral Knowledge of Forage Dynamics and Holistic Planned Grazing in Mgeno Ranch Landscape Benson Mulei
4:30–4:45	SUB13_028	Molecular Characterization of MATE Membrane Transporters in Peach Fruit for Climate-Resilient Fruit Quality Sylvia Cheronu	4:23–4:38	SUB7_016	The Underground Advantage: Root biomass and carbon under perennial grasses in semi-arid Kenya Bosco K. Kisambo
4:45–5:00	SUB13_033	Banana Pseudo-stems as a Source of Natural Fibres — Food, Textile, Cosmetic and Biomedical Applications: A Review Kelvin Moseti	4:38–4:53	SUB7_018	Evaluation of Cassava Farming as Climate Smart Technology in Muranga County Antony Kamau Ngaruiya
5:00–5:08	SUB13_020	Maggot Debridement Therapy in Africa: Clinical Potential, Implementation Challenges — A Review [P] Regina Karanja	4:53–5:08	SUB7_019	Adoption Rate and Impacts of Climate Smart Agriculture Technologies on Productivity and Adaptation in Kitui and Tharaka Nithi Joyce Adhiambo Nyangao
5:08–5:16	SUB13_012	Role of Microclimate Regulation and Planting System Design on Survival Rate During Primary Hardening of Tissue-Cultured Banana [P] Dancun Muchira	5:08–5:23	SUB7_020	Best Management Practices for Improved Land and Water Sustainability Under Changing Climate in Semi-arid Environment Reuben Ruttoh
5:16–5:24	SUB13_031	Comparative Analysis of Early Growth, Maturity, Yield and Disease Incidence: Tissue Culture vs Conventionally Propagated Shangi Potatoes [P] Diana Imbala	5:23–5:38	SUB7_024	The Rangelands Management Practices and Strategies to Enhance Livestock Production in Kenya — A Review Isaiah Barile
5:24–5:32	SUB13_035	Effects of Plant Growth Regulators on Callus Formation and Plant Regeneration in Nodal Explants of Three Blackberry Species [P] Gichaba Sarah Nyamoita	5:38–5:46	SUB7_021	Adoption and Impact Assessment of In Situ Soil and Water Conservation Technologies in Crop Production in Kajiado County [P] Gladys Chelangat

■ COCKTAILS — End of Day 2

DAY 3 · WEDNESDAY · 17 June 2026

PLENARY · Plenary Keynote Presentation

Chair: **Dr. David Kamau** · Rapporteur: Gladys Cheruto · Venue: **Main Conference Hall**

Time	Activity	Facilitator
7:30 – 8:30 AM	Registration	
8:30 – 9:30 AM	Chief Guest Address	
9:30 – 10:00 AM	Keynote Address	
10:00 – 10:30 AM	Chief Guest visit to Business session & Launch of KALRO Commercialization Strategy 2026–2031	
10:30 – 11:00 AM	HEALTH BREAK	
11:00 AM	Session Breakouts	

SIDE EVENTS · Wednesday 17 June 2026

Time	Session	Host
09:30–14:30	Better Analytics for Reduced Impact of Extreme Weather Events	KALRO / FAO
10:00–10:30	Digital Agriculture for Climate Smart Farming	Azuresoft Solutions
11:00–13:00	AI in Agriculture: Opportunities, Implications and Risks	SAFIC
13:00–16:00	From Research to Impact: How KALRO & CIMMYT Are Advancing Agricultural Innovation	CIMMYT
14:00–16:00	Emerging trends in food safety: Challenges, innovations, regulation and policy	KALRO / Egerton University

PARALLEL SESSIONS — 11:00 AM – 1:00 PM

SESSION 1 · Conference Hall · 11:00 AM – 1:00 PM

Agribusiness, Financing, Policy, Adoption and Socio-Economic Dimensions

Chair: **Dr. Juma Magogo** · Rapporteurs: Nancy M Nganga & Peterson Mwangi

Time	Code	Title / Author
11:00–11:15	SUB17_062	Perceptions of Climate Change Among Smallholder Farmers: Insights from Home Garden Agroforestry in Gedeo Zone, Ethiopia Aberham Kebedom Darge
11:15–11:30	SUB17_064	Public policy preferences for enhancing maize productivity among smallholder farmers: evidence from western Kenya Fido Orawo
11:30–11:45	SUB17_065	Determinants of Soil Testing Decisions Among Smallholder Maize Farmers in western Kenya Fido Orawo
11:45–12:00	SUB17_067	Choice of Market Outlets Among Smallholder Cassava Farmers in Kilifi County, Kenya: A Multivariate Analysis Abigail Chepchumba
12:00–12:15	SUB17_068	Modelling and Forecasting Agricultural Research Capacity in Kenya: A Comparative Analysis of CAGR and ARDL Model (2000–2025) Titus Ngetich
12:15–12:30	SUB17_070	Adoption of Improved Rice Varieties and Effects on Smallholder Income in Busia County Ibrahim Omondi

SESSION 2 · Main Board Room · 11:00 AM – 12:15 PM

Animal Health, Sanitary Systems and Emerging Livestock Pests and Diseases

Chair: **Dr. Joseph Nginyi** · Rapporteurs: Judith Mboya & Joyce Addah

Time	Code	Title / Author
11:00–11:15	SUB11_019	Antibacterial Potential of Eucalyptus globulus Leaf Extracts Against Multidrug-Resistant Clinical Isolates: A Natural Alternative for AMR Management Elsy Kendi
11:15–11:30	SUB11_021	Population genetics insights to inform tsetse fly control in Kenya Winnie Okeyo
11:30–11:45	SUB11_022	Slow and controlled release of tsetse repellent blends in cattle protection against tsetse flies and trypanosomosis Benson Wachira
11:45–12:00	SUB11_024	Host Preference of Glossina austeni at the Wildlife–Livestock–Human Interface: A One Health Approach in Coastal Kenya Erick Kibichiy Serem
12:00–12:15	SUB11_026	Endectocide Run-off from East African Livestock: A One Health Assessment of Potential Mosquito Larvicide or Ecotoxicological Threat Clarence M Mang'era

12:30–12:45	SUB17_071	Varietal bias in coffee production systems in Kenya: Evidence from Kericho County James Minai Maina			
12:45–1:00	SUB17_021	Gendered Roles, Resource Access and Cultural–Socioeconomic Constraints in Climate-Resilient Sorghum Value Chains Anastasia W. Kagunyu			

SESSION 3 · Big Seminar Room · 11:00 AM – 12:38 PM**Water Harvesting, Conservation and Irrigation Systems**Chair: **Dr. Carolynne Kundu** · Rapporteurs: Peterson Mwangi & Tuila Etese

Time	Code	Title / Author
11:00–11:15	SUB5_001	Determinants of Uptake of Climate-Resilient Irrigation Practices Among Smallholder Onion Farmers in Laikipia County Ian Kiplagat Katui
11:15–11:30	SUB5_002	Smart irrigation technologies for improved water use efficiency in fodder production amongst livestock farmers in Kenya: A review Beatrice Cherono Langat
11:30–11:45	SUB5_003	Grey Water Management for Irrigation in Semi-Arid Areas of Kenya Okoth Felix Odiwuor
11:45–12:00	SUB5_007	Low-Cost Wastewater Treatment and Re-Use System for Sustainable Irrigation using a Treated Water Basin and DIY Pump Technology Samuel Mukanga
12:00–12:15	SUB5_008	Optimizing Water Use in Farming Systems: A review of Tools and Methods Maingi Susan
12:15–12:30	SUB5_009	Promoting Lined Water Pans for Climate-Resilient Small-Scale Irrigation in Kenya Francis Karanja
12:30–12:38	SUB5_011	Effect of Superabsorbent Polymers on the Production of African Nightshade in Mollic Nitisols, Kenya [P] Geoffrey Kibiri

SESSION 4 · Room 207 · 11:00 AM – 12:53 PM**Agribusiness, Financing, Policy, Adoption and Socio-Economic Dimensions**Chair: **Dr. Scholastica Wambua** · Rapporteurs: Reuben Rutto & Tabby Karanja

Time	Code	Title / Author
11:00–11:15	SUB17_073	Economic Implication of Post-Harvest Losses in Tomato Production in Kenya Moses Kimani
11:15–11:30	SUB17_074	Determinants Of Potato Productivity Among Smallholder Farmers in Kenya: Evidence From Cross-Sectional Analysis Purity Kawira Muriuki
11:30–11:45	SUB17_079	Insights on the Effects on Mechanization in the Tea Industry in Kenya Simon Oduor Ochanda
11:45–12:00	SUB17_080	Restructuring KALRO's Seeds For Enhanced Production, Quality Assurance and Distribution Ensuring Sustainability Robert Musyoki
12:00–12:15	SUB17_081	Does the plot manager matter? An assessment of household productivity of maize-legume systems in West Alego ward, Siaya County Martha Akelo Opondo
12:15–12:30	SUB17_023	Gender Differentials in Yield and Productivity among Contracted Bean Seed Growers in West Pokot County Jerop Edith
12:30–12:45	SUB17_025	Leveraging Routine Sales Data to Understand Gendered, Spatial, and Temporal Demand in Smallholder Agricultural Input Markets Isaac Kenga
12:45–12:53	SUB17_022	Dynamics of marketing of Green Shelled Beans Among urban traders in Kenya [P] Beth Ndungu

LUNCH BREAK · 1:00 – 2:00 PM**PARALLEL SESSIONS — 2:00 PM – 5:00 PM****SESSION 1 · Conference Hall · 2:00 – 5:00 PM****Animal Feed Resources, Nutrition and Husbandry Practices**Chair: **Dr. Tura Isako** · Rapporteurs: Peterson Mwangi & Nicholas Kibunyi

Time	Code	Title / Author
2:00–2:15	SUB9_033	Seasonal Dynamics of Pasture Productivity and Feed Availability in Kenyan Rangelands: A Data-Driven Analysis Lenah Muema
2:15–2:30	SUB9_036	Spineless Cactus (<i>Opuntia ficus-indica</i>) as a Climate-Smart Forage Crop: Planting Method and Nutrient Management in Kenya's ASALs John Irungu

SESSION 2 · Main Board Room · 2:00 – 5:17 PM**Sustainable Seed Systems, Quality Assurance and Scalability (2:00–3:39) → Climate Change (3:39–5:17)**Chair: **Dr. Godwin Macharia / Dr. Golicha Dub** · Rapporteurs: Harun Odhiambo & Sheila Siele

Time	Code	Title / Author
2:00–2:15	SUB2_001	A Sustainable Forage Seed Systems as a Pathway to Address Livestock Feed Shortages in Arid and Semi-Arid Areas Rose Nelima Wekesa
2:15–2:30	SUB2_002	Optimizing nutrient management for enhanced seed yield and quality of Enteropogon macrostachyus in semi-arid rangelands Bryan Peter Ogillo

2:30–2:45	SUB9_038	Yield and Quality of Napier Varieties under Different Moisture Conservation Practices in Machakos County Robert Ouko Owano	2:30–2:45	SUB2_003	Breaking Oil Palm Seed Dormancy: A Comparative Review of Heat, Chemical, and Mechanical Pretreatments Lynet Nasiroli Navangi
2:45–3:00	SUB9_021	Evaluation of Phenotypic and Genotypic Diversity in Forage and Dual-Purpose Sorghums in Kenya: A Review Mercy Jerop	2:45–3:00	SUB2_009	Validation and Performance Analysis of Single Eye Bud Technology for Improved Sugarcane Seed Production in Kibos Kenya Edwin Shikanda
3:00–3:15	SUB9_004	Assessment of nutritive attributes and in vitro dry matter digestibility of Pakchong Napier, Juncao Napier, Kakamega 1, and Red Napier Grass Lorna Chemutai Chesir	3:00–3:15	SUB2_010	Overcoming Brachiaria Seed Bottlenecks: Nursery Rapid Multiplication of Root Splits for Accelerated Climate-Smart Forage Dissemination Meshack Kipngetich Rutto
3:15–3:30	SUB9_005	Feed Efficiency and Body Condition Responses of Red Maasai Sheep Fed Total Mixed Ration versus Grazing on Natural Pastures Fred Kemboi	3:15–3:23	SUB2_020	Development and promotion of finger millet seed system in Kenya [P] Peninah Chelangat Langat
3:30–3:45	SUB9_006	Comparative Performance of Improved Boran Steers Finished on Total Mixed Ration in the feedlot system and the Free-Range Grazing system Tura Isako	3:23–3:31	SUB2_021	Structure and Constraints of the Pyrethrum Seed Systems in Kenya [P] Peter Kimutai Kirwa
3:45–4:00	SUB9_007	Apparent Nutrient Digestibility and Productivity in Chicken Fed on High Quality and Affordable Feed Rations Innocent Kariuki	3:31–3:39	SUB2_027	Bridging the Last-Mile Gap in Sustainable Seed Systems: KALRO Mkulima Shops Model [P] Stephen Irungu
4:00–4:15	SUB3_030	Banana Weevil Infestation in Different Banana Cultivars: Implications for Host Plant Resistance and Management Cecilia Ngugi	3:39–3:54	SUB7_001	Land Use Changes and Vegetation Decline: Investigating Rangeland Degradation in Gursum District, Somali Region, Ethiopia Mahamud Fuad
4:15–4:30	SUB3_031	Integrated evaluation of Blast in Combined Diverse and Elite Rice Panel using Kenya Isolates of Magnaporthe oryzae Roselyne Juma	3:54–4:09	SUB7_003	Decoding Factors Influencing Transition from Awareness to Adoption of Climate-Smart Technologies among Smallholder Farmers Shirley Auma Oloo
4:30–4:45	SUB3_032	Pathogenicity of Rice Yellow Mottle Virus Isolates and Response of Selected Rice Cultivars under Screen House Conditions Simon Meso Obila	4:09–4:24	SUB7_004	Morphological and Yield Performance of Certified Range Grasses in Arid and Semi-Arid Lands of Kenya Rop Daniel
4:45–5:00	SUB3_039	Comparative Efficacy of Botanical And Synthetic Dust Treatments Against Major Stored-Product Pests of Maize, Wheat and Beans Mark Limo	4:24–4:39	SUB7_006	Integrated Bush Management and Reseeding for Restoring Forage Productivity in Semi-Arid Rangelands of Kenya Mercy Chebet
			4:39–4:54	SUB7_007	Adoption and Impact of Climate Smart Agriculture Practices in Kigumo Sub-County Murang'a County Lilian Weisiko Nyamohanga
			4:54–5:09	SUB7_008	How Agribusiness SMEs in Kiambu and Kajiado Counties, Kenya are Adapting to Weather Effects Nancy Mwihiaki Ng'ang'a
			5:09–5:17	SUB7_002	Bio-Energy Innovation using Agricultural Residues as Sustainable Alternatives to Charcoal in Tenges Ward, Baringo County [P] Dennis Kipng'etich Kandle

SESSION 3 · Big Seminar Room · 2:00 – 5:30 PM**Climate Change and Land Degradation (2:00) → Agribusiness (3:15) → Food Safety (4:15)**Chair: **Dr. David Kamau / Dr. Scholastica Wambua / Mr. John Irungu** · Rapporteurs: Harun Odhiambo & Robert Tabu

Time	Code	Title / Author
2:00–2:15	SUB7_010	Understanding climate variability effects and perceptions on post-harvest management in horticultural value chains Daniel Musyoka

SESSION 4 · Room 207 · 2:00 – 5:24 PM**Plant Health, Emerging Crop Pests and Diseases (2:00–4:30) → Animal Feed Resources (4:30–5:24)**Chair: **Dr. Abou Togola, CIMMYT / Dr. Benard Korir** · Rapporteurs: Berrick Otieno & Esther Kimani

Time	Code	Title / Author
2:00–2:15	SUB3_034	Beyond the Gene: Understanding Climate Change-Driven Breakdown of Phyto-pathogenic Resistance in Grain Legumes Harun Odhiambo

2:15–2:30	SUB7_011	Influence of Weather and Climate Information Services (WCIS) On The Adoption Of Climate-Smart Technologies Among Bean Farmers Millicent Kalenya	2:15–2:30	SUB3_036	Potential of Rhizobacteria from Different Manure Sources in the Management Of Bacterial Wilt On Potatoes Anita Nduku Mutua
2:30–2:45	SUB7_014	Variation in Soil Properties across Land Uses and Slope Gradients: Implications for Sustainable Land and Water Management in Kibwezi Watershed Reuben Ruttoh	2:30–2:45	SUB3_037	Optimizing Potato Cultivation in a Changing Climate: An AI-Driven Integration of Large Language Models and Disease Epidemiology Model Shadrack Odikara Oriama
2:45–3:00	SUB7_027	Effect of Rainfall Variation on Demand and Sales of Avocado Seedlings at KALRO Kandara Nursery Faith Wambui Mucunu	2:45–3:00	SUB3_038	Buried Threats Unearthed: Efficacy of Aluminum Phosphide Fumigation in Mole Population Management At KALRO Kabete Mark Limo
3:00–3:15	SUB7_030	Validating Multi-Storey Gardens for Climate-Resilient, Nutritious, Safe, and Profitable Food Production in Kenya Charity Kiplagat	3:00–3:15	SUB3_042	Retooling Crop Health Capacity of Advisory Service Providers Miriam Otipa
3:15–3:30	SUB17_084	Adoption of Climate Smart Agricultural practices by pigeon pea farmers for increased yields in Machakos County Agatha Mumbua Daniel	3:15–3:30	SUB3_043	Evaluation of Genotypic Variation in Cowpea Scab Incidence Across Two Contrasting Kenyan Agro-Ecological Zones Kelele Faida John
3:30–3:45	SUB17_086	Factors contributing to low groundnut productivity in Western Kenya despite high market demand: A Review Simon Meso Obila	3:30–3:45	SUB3_046	Integrated Fall armyworm management in Narok and Nakuru Counties using Fall armyworm tolerant hybrids and biopesticides Abel Too
3:45–4:00	SUB17_087	Agronomic and Farmer-Perceived Performance of Customized Fertilizers for Maize in 13 counties in Kenya Mwathi Jane Wamaitha	3:45–4:00	SUB3_048	Antifungal activity of actinomycetes isolates against selected fungal pathogens infecting Tomato under in-vitro conditions Carol Gichohi
4:00–4:15	SUB17_089	Leveraging Public Private Partnerships to Strengthen Sustainable Seed Systems: Evidence From Kilimo Biashara Expos Samuel Kiiru	4:00–4:15	SUB3_049	Machine Learning-Based Prediction of Aflatoxin Risk Using Environmental, Agronomic, and Post Harvest Factors in Kenya Kelvin Mutua Murungi
4:15–4:30	SUB14_009	Efficacy of Nixtamalization On Reduction of Fumonisin Contamination in Maize Sylviah Nekesa	4:15–4:30	SUB3_050	Bean Aphid Natural Enemies, Field Margin Vegetation and Biopesticide Role in Integrated Pest Control Janet Obanyi
4:30–4:45	SUB14_011	Practices influencing mycotoxin contamination in maize and farmers' perception on the use of rapid test kits Beatrice Nafula Tenge	4:30–4:45	SUB9_012	Effect of soil type and altitude on yield and quality of selected forage grasses in Tanzania and Kenya Solomon Mwenda
4:45–5:00	SUB14_012	Occurrence of Aflatoxin and Fumonisin in Foods Consumed By Children Aged 6–59 Months in Transitional Pastoral Households in Marsabit Amos Otieno Adongo	4:45–5:00	SUB9_014	Feed Efficiency and Body Condition Responses of Dairy Crosses Fed Total Mixed Rations Compared to Conventional Grazing Systems Sarah Mkakina Mghanga
5:00–5:15	SUB14_013	Epidemiological Trends, Molecular Mechanisms, and Public Health Implications of Foodborne Aflatoxin Exposure in Developing Countries Kimeu Urbanus	5:00–5:08	SUB9_009	Optimization of Broilers Growth through Three Phase Feeding for Enhanced Food and Nutrition Security [P] Dr. Victor Ngaira
5:15–5:30	SUB14_014	Comparative Evaluation of Physical and Cup Quality Performance of Global Coffee Varieties in Kenya Cecilia Wagikondi Kathurima	5:08–5:16	SUB9_011	Impact of different feed resources on milk production by small-scale dairy farmers in Bungoma and Nyamira Counties [P] Shadrack Musembi
			5:16–5:24	SUB9_020	Evaluating the influence of feeding regimes on milk composition of dairy cattle at Dairy Research Institute, Naivasha [P] Daniel Chengo

DAY 4 · THURSDAY · 18 June 2026

PLENARY · Plenary Keynote Presentation

Chair: **Dr. Kipkemoi Changwony** · Rapporteur: Phyllis Alusi · Venue: Main Conference Hall

Time	Activity	Facilitator
7:30 – 8:30 AM	Registration	
8:30 – 9:30 AM	Chief Guest Address & Panel Discussion	Moderator: Dr. Margaret Makelo
9:30 – 10:00 AM	Keynote Address	
10:00 – 10:10 AM	Signing of Soya bean commercialization agreement between Shirika Vini and KALRO	
10:10 – 11:00 AM	HEALTH BREAK	
11:00 AM	Session Breakouts	

SIDE EVENTS · Thursday 18 June 2026

Time	Session	Host
09:00–11:00	Sustainable Livestock in Kenya: Unlocking Economic, Environmental & Social Benefits	ILRI
10:00–12:30	Accelerating Sustainable Production, Market Trade & Consumption	Alliance Bioversity International & CIAT
11:00–15:00	Nanotechnology Innovations for Climate Smart Agriculture	EDDFarming
14:00–16:00	Cassava starch processing	KALRO / AFA

PARALLEL SESSIONS — 11:00 AM – 1:00 PM

SESSION 1 · Conference Hall · 11:00 AM – 1:02 PM			SESSION 2 · Main Board Room · 11:00 AM – 1:15 PM		
Animal Feed Resources, Nutrition and Husbandry Practices			Ecological-Organic Farming Systems (11:00–11:54) → Plant Health (12:00–1:15)		
Chair: Dr. Elkanah Nyambati · Rapporteurs: Peterson Mwangi & Nicholas Kibunyi			Chair: Dr. Duba Golicha / Dr. David Thuranira · Rapporteurs: Joyce Addah & Gladys Cheruto		
Time	Code	Title / Author	Time	Code	Title / Author
11:00–11:15	SUB9_024	Effects of Urea-Molasses Mineral Block Supplementation on Digestibility of Dorper Sheep on Buffelgrass Diet Sally Nduta	11:00–11:15	SUB6_005	Ammonia as a Source of Bioenergy to Power Agriculture and Food Systems in Kenya Tabeel Nandokha
11:15–11:30	SUB9_026	Milk offtake, compensatory growth and dual-purpose productivity of Boran cattle under extensive grazing Jack Ouda	11:15–11:30	SUB6_010	Fungal Enzyme-Assisted Bioconversion of Agricultural Waste for Sustainable Soil Fertility Management in Kenya Moses Mandere
11:30–11:45	SUB9_027	Concentrate Supplementation of Lactating Dairy Goats Improves Nutritional and Therapeutic Value of Goat Milk Joseph Ndwiga Kiura	11:30–11:38	SUB6_002	Organic Conservation Agricultural Practices as Pathways for Soil Fertility Restoration in Kakamega County [P] Chepkania Miriam Nangila
11:45–12:00	SUB9_029	Nutritive value and Effects of Total Mixed Ration compared with grazing on Milk Composition of Mid-Lactation Dairy cows Ezra Kiplangat Sang	11:38–11:46	SUB6_003	Enhancing Soil Health and Food Safety through Organic Waste Composting in Urban and Peri-Urban Farming [P] Esther K. Muriuki
12:00–12:15	SUB9_002	Performance of sheep fed on different diets and relationships among in vivo and in vitro gas production technique derived measurements Jack Ouda	11:46–11:54	SUB6_007	Vegetable Production Using Organic Manures (Frass) Produced from Black Soldier Fly (BSF) Using Different Substrates [P] Elizabeth W. Okwach
12:15–12:30	SUB9_003	Evaluation of Megathyrsus spp and Urochloa spp Forage Grasses under Research and Farmer-Managed Conditions in Western Kenya Peggy Karimi	12:00–12:15	SUB3_007	Crop Health as Human Health: Redefining Food Safety Through the Lens of Plant Disease Management and Nutritional Security Harun Odhiambo

12:30–12:38	SUB9_022	Evaluation of Growth Performance of Two Improved Kienyeji breeds (KALRO KC1 and KC3) Reared under Coastal Environmental Conditions [P] Isaac Kenga	12:15–12:30	SUB3_008	Climate vulnerability and the burden of pests among smallholder coffee farmers in eight coffee-growing counties of Kenya Getrude Alworah
12:38–12:46	SUB9_031	Comparison of Natural Egg Yolk–Based Feeding Media and Wheat Bran–Liver Substrate for Efficient Production of <i>Lucilia Sericata</i> Larvae [P] Kipkirui Billy	12:30–12:45	SUB3_009	Survey of Phytophthora Root Rot Disease of Avocado in Kandara and Kigumo Sub-Counties of Muranga County Ruth Amata
12:46–12:54	SUB9_037	Black Soldier Fly Larval Meal as an Affordable Protein Source for Enhancing Rainbow Trout Growth at KALRO Oljoroorok [P] Sambu Saitoti	12:45–1:00	SUB3_040	Elucidating Mechanisms of Resistance to Fall Armyworm (<i>Spodoptera frugiperda</i>) in Maize through Laboratory Feeding and Life Table Analysis Gerphas Ogola
12:54–1:02	SUB9_008	Laying Trends and Factors Influencing Productivity in the KALRO Improved Indigenous KC3 Breed line [P] Sharona Imali	1:00–1:15	SUB3_041	Screening for cashew powdery mildew tolerance in cashew varieties in coastal Kenya Alfred Mumba

SESSION 3 · Big Seminar Room · 11:00 AM – 12:38 PM**Water Harvesting, Conservation and Irrigation Systems**Chair: **Dr. Carolyne Kundu** · Rapporteurs: Peterson Mwangi & Tuila Esese

Time	Code	Title / Author
11:00–11:15	SUB5_001	Determinants of Uptake of Climate-Resilient Irrigation Practices Among Smallholder Onion Farmers in Laikipia County Ian Kiplagat Katui
11:15–11:30	SUB5_002	Smart irrigation technologies for improved water use efficiency in fodder production amongst livestock farmers: A review Beatrice Cherono Langat
11:30–11:45	SUB5_003	Grey Water Management for Irrigation in Semi-Arid Areas of Kenya Okoth Felix Odiwuor
11:45–12:00	SUB5_007	Low-Cost Wastewater Treatment and Re-Use System for Sustainable Irrigation using a Treated Water Basin and DIY Pump Technology Samuel Mukanga
12:00–12:15	SUB5_008	Optimizing Water Use in Farming Systems: A review of Tools and Methods Maingi Susan
12:15–12:30	SUB5_009	Promoting Lined Water Pans for Climate-Resilient Small-Scale Irrigation in Kenya Francis Karanja
12:30–12:38	SUB5_011	Effect of Superabsorbent Polymers on the Production of African Nightshade in Mollic Nitisols, Kenya [P] Geoffrey Kibiri

SESSION 4 · Room 207 · 11:00 AM – 12:53 PM**Agribusiness, Financing, Policy, Adoption and Socio-Economic Dimensions**Chair: **Dr. Scholastica Wambua** · Rapporteurs: Reuben Rutto & Tabby Karanja

Time	Code	Title / Author
11:00–11:15	SUB17_073	Economic Implication of Post-Harvest Losses in Tomato Production in Kenya Moses Kimani
11:15–11:30	SUB17_074	Determinants Of Potato Productivity Among Smallholder Farmers in Kenya: Evidence From Cross-Sectional Analysis Purity Kawira Muriuki
11:30–11:45	SUB17_079	Insights on the Effects on Mechanization in the Tea Industry in Kenya Simon Oduor Ochanda
11:45–12:00	SUB17_080	Restructuring KALRO's Seeds For Enhanced Production, Quality Assurance and Distribution Ensuring Sustainability Robert Musyoki
12:00–12:15	SUB17_081	Does the plot manager matter? Assessment of household productivity of maize-legume systems in West Alego ward, Siaya County Martha Akelo Opondo
12:15–12:30	SUB17_023	Gender Differentials in Yield and Productivity among Contracted Bean Seed Growers in West Pokot County Jerop Edith
12:30–12:45	SUB17_025	Leveraging Routine Sales Data to Understand Gendered, Spatial, and Temporal Demand in Smallholder Agricultural Input Markets Isaac Kenga
12:45–12:53	SUB17_022	Dynamics of marketing of Green Shelled Beans Among urban traders in Kenya [P] Beth Ndungu

LUNCH BREAK · 1:00 – 2:00 PM

DAY 5 · FRIDAY · 19 June 2026

PLENARY · Plenary Keynote Presentations

Chair: **Mumina Shibia** · Rapporteur: Judith Mboya · Venue: **Main Conference Hall**

Time	Activity	Facilitator
7:30 – 8:30 AM	Registration	
8:30 – 9:00 AM	Keynote Address 1	
9:00 – 9:30 AM	Keynote Address 2	
9:30 – 10:30 AM	Best project – presentations and students session	
10:30 – 11:00 AM	HEALTH BREAK	

AWARDS & CLOSING CEREMONY

PLENARY · Awards & Closing

Chair: **Dr. Evans Ilatsia (MC)** · Rapporteur: Nicholas Kibunyi · Venue: **KALRO Conference Hall**

Time	Activity	Facilitator
11:00 AM – 1:00 PM	Awards and Closing Ceremony by Chief Guest	
1:00 – 2:00 PM	LUNCH BREAK & END OF CONFERENCE
